Fall 2019

Who Is Gifted Support Network?

Our mission and passion is to inform, connect and enrich. That means putting high-quality tools and information into the hands of parents and educators. It also means providing high-quality enrichment opportunities and sharing valuable resources with our gifted and twice-exceptional kids, their families and their teachers. **How do we fulfill that mission?**

- ◆ **Inform:** We offer free speaker events at Lindenwood, presented by experts in the field of giftedness for parents and educators. Grad credit is also available.
- ◆ **Connect:** Our parent support groups help parents find a safe, welcoming place to ask questions, find information and resources, and connect with other parents.
- ◆ **Enrich:** By offering high-quality enrichment classes for high-ability kids, families find a place where their child can connect with like-minded peers, and find challenge in a fun learning environment.

Our connections reach far beyond the classroom, support group and speaker events. We also provide trusted referrals for local professional services and educational programming. In addition, our members receive even more resources, including recommended reading, articles and links to pertinent information, and supplementary tools to help them at home and in the classroom.

Enrichment Classes: Fall 2019

Are you planning any enrichment activities for your child during the school year? Each Spring and Fall, GSN offers challenging and fun classes for kids in grades 1-6.

Classes will be held on:

* Sept. 7, 14 & 21

General registration begins on August 5th. However, GSN Members were able to take advantage of **early registration, beginning on August 1st.**

Members also receive a 15% discount when they register their child(ren) for classes!
