

# Are You Looking For Resources?

***Check us out!***

GSN is a non-profit that strives to provide relevant quality information, connection, enrichment and helpful resources to families and educators of gifted and high-ability children in Saint Charles County and the surrounding area.

## We are Gifted Support Network!

### Parent Support Group

Parent discussion groups give you the chance to connect with other parents, share your experiences, ask questions and learn from others about the unique challenges of raising a high-ability child. All are welcome to attend this free, informative monthly group! Please RSVP on our website.

### Speaker Events

Speaker Series Events are held in Fall and Spring each year, and cover topics that any parent or educator can relate to, including procrastination, advocating for your child, giftedness in mathematics, and many others. These events are FREE and are held at Lindenwood University.

### Enrichment Classes For Kids

We aim to enhance the quality of education for high-ability kids in our community. Our classes are taught by gifted-certified teachers with a passion for helping kids reach and exceed their potential. Classes are held on Saturday mornings at the Spencer Road Library. In Fall and Spring each year.
